

MONITOR

Model:
VDA-09A3

Index:
A33A109

EAN:
5905548275284

Description:

Monitor characteristics:

- 7-inch color TFT LCD screen,
- high image quality,
- hands-free,
- 16 gong melodies to choose from,
- direct control of the electromagnetic lock used to open the door after being called from outside or after calling the viewing function,
- operation of the second entrance via an additional button for opening the entrance/garage gate,
- the ability to observe the caller and view what is happening in the camera's field of view,
- smooth adjustment of parameters (brightness, color saturation, volume),
- simplicity of operation and assembly.

Technical specifications:

Monitor

Power supply voltage	12V DC
Video signal parameters	1Vp-p 75 Ohm CCIR
Number of connecting wires	4
Number of inputs supported	2
Intercom	NO
Output voltage for electromagnetic lock	12V DC
Power consumption - standby / operation	2W / 5W
Monitor screen size	7"
Screen type	Color TFT-LCD
Screen resolution	800 x 2480 pixels
Touch screen	NO
Number of relay outputs	1
SD card slot (SD / micro SD)	Lack
Internal image memory	100 photos
Possibility of recording videos	NO
Number of gong melodies	16
Handsfree	Yes
Menu language	Polish
Digital photo frame function	NO
Operating temperature range	0°C ~ +30°C
Monitor dimensions (H x W x D)	128x225x23mm
Monitor net weight	399g
Package dimensions (H x W x D)	210x261x94mm
Gross weight	1016 g
Package type	Cardboard
