# EURA 2EASY

# EXTERNAL CASSETTE

| Model: | Index: |
|---|---|
| VDA-95A5 | A53A195 |

**Description:**

Modular multi-family external cassette, fully compatible with the Eura 2 Easy system, made of stainless steel, intended for flush mounting. The basic part of each set of modules used to transmit a video signal is a color camera, whose observation after dark is supported by a set of 3 LED diodes shining with white light. Additionally, the cassette has been equipped with a tenant list with four buttons on the right side. Among the available modules that the cassette can consist of, the following should be mentioned:
- 3.5'' colour TFT LCD display, which significantly facilitates operation and configuration of device settings,
- proximity card reader module, allowing for programming of up to 320 cards, which, when brought close to the reader, allow entry to the premises,

- a touch and backlit keyboard module that significantly speeds up the device configuration, selection of the premises to be called, as well as the ability to enter a password to enter the property.

## Technical specifications:

### External cassette

| | |
|---|---|
| Power supply voltage | 24V DC |
| Video signal parameters | CCIR |
| Number of cables required | 2, non-polarized |
| Number of premises served | 4 (buttons) |
| Screen type | - - - - |
| Menu language | - - - - |
| Latch release supply voltage | 12VDC, 250mA |
| Power consumption - standby / operation | 1W / 5W |
| Image resolution | 520TVL |
| Screen size | - - - - |
| Camera viewing angle horizontally/vertically | 105º |
| Camera sensor type | ACS Color |
| Bolt activation time | 1 sec / 5 sec |
| Housing material | Stainless steel |
| Number of relay outputs | 1 |
| External cassette installation method | Concealed |
| Adjusting the camera eye position | NO |
| Night lighting | 3 LEDs (white light) |
| Proximity reader | Expandable |
| Encryptor | Expandable |
| Fingerprint reader | - - - - |
| Protective roof | NO |
| Protection factor | IP44 |
| Temperature range of the cartridge | - 18ºC ~ +55ºC |
| External cassette dimensions (H x W x D) | 316x133x48mm |
| Net weight of the cassette | 1090g |
| Package dimensions (H x W x D) | 368x145x77mm |
| Gross weight of package | 1257 g |
| Package type | Cardboard |
