TL-WA850RE

TP-LINK

Features

- TP-LINK
- Wifi Coverage Extender 802.11n in 2.4 GHz
- Compatible with 802.11 b/g/n, allows connections of up to 300 Mbps
- MIMO technology with two internal omnidirectional antennas to provide 360° coverage
- RJ45 10/100Mbps Connector
- 0°C~40°C

Specifications

Brand	TP-LINK
Wireless Standard	IEEE 802.11b/g/n
Frequencies	300Bps to 2.4GHz
Maximum power transmission	15dBm
Maximum sensitivity	11g 54Mbps: -80dBm 11n HT20 MCS7: -79dBm 11n HT40 MCS7: -76dBm
Antenna	Double internal antenna
Security	Encryption 64/128-bit WEP, WPA/WPA2-PSK
Physical connections	WPS and reset button, RJ 45 10/100Mbps
Power	220V AC, 3.3W
Protection	Suitable for indoor use
Dimensions	65.8(W) x 75.2(D) x 110(H) mm
